

Cell phones

Rules
In
The
Classroom

School (working area)

**NO CELL PHONE USE
IN THIS CLASSROOM**

Smartphones

must not

be used in the classroom

as a rule of thumb

The only exceptions
to the rule might
be one of these:

- 1/ an emergency phone call from your mother, father, partner or little brother
- 2/ someone is stealing your bike outside
- 3/ the teacher's permission

If you are connected to your smartphone 24 hours a day,

you might miss a lot of beautiful things

Life is a real,
human thing

do not be part
of the aliens
